

Product Description

Powerplus E98+ is a volatile, colourless liquid with low viscosity and very mild odour.

Product Benefits

Engines run cooler and are less subject to corrosion. Recommended for all legal Ethanol racing applications. PowerPlus E98+ is manufactured in the Australia.

PowerPlus E98+ is a renewable fuel source that is also environmentally friendly. Its performance is comparable to 125 octane race fuel. Your engine will run cooler and your ET's will be less affected by atmospheric changes. PowerPlus E98+ is not corrosive like methanol it includes all the anticorrosive's and lubricants found in PowerPlus 98+ and does not leave carbon deposits like petrol so maintenance is reduced across the board. Your oil stays looking like new.

Increases oxygen intake, increase in boost pressures and reduces exhaust temperature.
